

HISAR PRAPASKAH SINAGA

FRESH GRADUATE

OBJECTIVE

A proactive and enthusiastic Information Systems graduate from Multimedia Nusantara University, detail-oriented and skilled in data analysis, particularly using Power BI and Microsoft Excel. Eager to start a professional career and leverage analytical skills to solve business problems as well as contribute to operational efficiency improvements. Highly motivated and quick to learn new technologies and methodologies to support company growth.

EXPERIENCE

DATA ANALYST INTERN (PT WAHANA ARTHA RITELINDO)

JAN 2024 – MAY 2024

- Processing and analyzing customer and employee engagement data to support the Customer Employee Engagement team's strategy.
- Creating an interactive dashboard and data visualization using [mention the tool used, for example, Tableau, Power BI, or Google Data Studio].
- Preparing periodic data-based reports as material for presentations and team performance evaluations.

INSURANCE AGENT (ALLIANZ)

MAY 2024 – JAN 2025

- Offer and explain insurance products that suit the prospective customer's needs.
- Responsible for assisting customers in the administration and insurance claim processes
- Build and maintain good relationships with clients.

CERTIFIED INTERNATIONAL SPECIALIST IN DATA VISUALIZATION(CISDV) CERTIFICATION.

(PASAS INSTITUTE, SINGAPORE)

OCT 2025

- This certification proves basic competence in understanding, analyzing, and presenting data visually using effective visualization principles. Certificate holders are capable of transforming raw data into easily understandable information through charts, dashboards, and interactive reports to support data-driven decision-making. The program emphasizes understanding visual design concepts, data storytelling, and the use of modern visualization tools.
